Founding Members

DR. VITTHAL D. SHINDE

Founder and Managing Director

Shree Swami Samarth Enviro Consultant Pvt. Ltd. (SECPL) is driven by the visionary leadership of its Founder and Managing Director, Dr. Vitthal Shinde, a seasoned environmental professional with over 25 years of experience in the field of environmental science, engineering, and consultancy.

He holds a Master's degree in Environmental Science and Organic Chemistry and has furthered his expertise with a Ph.D. in Environmental Science, backed by various industry-relevant certifications and specialized training.

Over the years, he has led numerous Environmental Impact Assessments (EIAs), statutory compliance projects, and sustainability consulting mandates across diverse industrial sectors in India. With a profound understanding of environmental policies, pollution control frameworks, and regulatory landscapes, Dr. Shinde has played a pivotal role in establishing SECPL as a trusted name in environmental consulting.

MRS. DNYANESHWARI V. SHINDE

Founder and Chairman

Mrs. Dnyaneshwari Shinde is the visionary Founder and Chairman of Shree Swami Samarth Enviro Consultant Pvt. Ltd. (SECPL). With an academic background in B.A. and B.Ed., she has played a pivotal role in overseeing business management and daily operations since the inception of SECPL in 2015.

She ensures seamless coordination across departments and service verticals. With a steady vision and grounded leadership, she continues to guide the company toward sustainable growth and impactful environmental solutions. Backed by years of practical experience and her unwavering commitment to quality, Mrs. Shinde has been instrumental in driving the organization's internal systems, financial discipline, and strategic planning.

ABHISHEK V. SHINDE

Executive Director

Abhishek Shinde has been an integral part of the company since 2024. With a B.Tech in Chemical Engineering and continuous upskilling in environmental compliance and project management, he plays a crucial role in the end-to-end execution of technical projects, client coordination, internal process optimization, and the integration of digital tools for efficient service delivery.

AISHWARYA V. SHINDE

Executive Director

Ms. Aishwarya Shinde serves as the Executive Director at Shree Swami Samarth Enviro Consultant Pvt. Ltd. (SECPL), where she plays a pivotal role in steering the company's business development and financial planning initiatives. Holding a Master's degree in Statistics, Aishwarya combines her strong academic foundation with a strategic mindset to bring a data-driven approach to decision-making and growth management.

Her keen interest in finance, coupled with a sharp analytical outlook, has helped streamline internal processes and expand SECPL's client base across multiple industrial sectors. Aishwarya is deeply committed to modernizing the company's operational ecosystem and driving client-focused development strategies that reflect the evolving needs of the environmental consulting industry.

SHREE SWAMI SAMARTH ENVIRO CONSULTANT PVT. LTD.

About Company

Shree Swami Samarth Enviro Consultant Pvt. Ltd. offers specialized environmental consulting and engineering services in regulatory compliance, pollution control, and waste management. Our expert team provides comprehensive solutions from consultancy to execution, delivering innovative and sustainable strategies to help industries efficiently meet their environmental obligations.

Why Choose Shree Swami Samarth Enviro Consultant Pvt. Ltd.?

- **Proven Expertise:** With 500+ satisfied clients and 60+ successful projects across various industries, backed by 10+ years of experience.
- **Accredited Excellence:** NABET, NABL, and MoEF & CC-approved services.
- **End-to-End Solutions:** From consultancy to execution, we deliver under one roof.
- **Sustainability Focus:** Innovating cost-effective, low-impact solutions for a greener tomorrow.

- CRZ Clearance and Forest Clearance.
- Safety & Energy Audit.
- Comprehensive regulatory compliance management under Environmental Acts and Guidelines.

Air Quality Management

- Design and installation of air pollution control systems.
- Detailed engineering and project supervision for air quality solutions.

Water and Wastewater Management

Offer Engineering, Procurement, and Construction (EPC) and Annual Maintenance Contracts (AMC) for:

Effluent Treatment Plants (ETP)

Sewage Treatment Plants (STP)

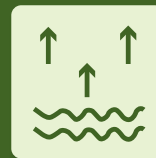

Water Treatment Plants (WTP)

Zero Liquid Discharge (ZLD) systems

Reverse Osmosis (RO) systems

Multi-Effect Evaporators (MEE)

Rainwater harvesting studies, installation, and water distribution system design

Solid and Hazardous Waste Management

Development of solid waste management plans (storage, treatment, and disposal)

Hazardous waste characterization and disposal solutions

Coordination with regulatory bodies for waste management approvals

Laboratory Services

Advanced testing and analysis of water, wastewater, soil, and sludge

Microbial, heavy metal, and bioassay analysis with treatability studies

Food testing and analysis

Pressure vessel inspection and testing

Post-monitoring environmental status reporting

Environmental Monitoring Services

Air Quality Monitoring

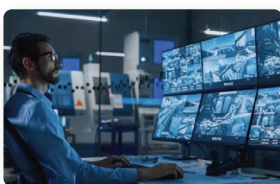

Ambient Air

Stack Emissions

Air Ventilation

Workplace Monitoring (SO₂, NO_x, SPM, etc.)

Noise & Vibration Monitoring

Ambient noise assessment

Workplace noise assessment

Vibration monitoring

Light Illumination Monitoring

Continuous and periodic light assessment

Task-specific and emergency lighting evaluations

Our Projects :-

Effluent Treatment Plant (ETP)

Zero Liquid Discharge Plant (ZLD)

Sewage Treatment Plant (STP)
